### **Diesel Fuel Spill Reported in McKenzie County**

BISMARCK, N.D. – The North Dakota Department of Health (NDDoH) has been notified of a spill at a Rolfson Oil bulk fuel storage tank farm in Alexander.

Danco Transport released 400 gallons of diesel fuel after a valve was left open as a truck was offloading the fuel into a tank farm. The release impacted water in an unnamed tributary to Lonesome Creek. The spill has been contained at this time.

NDDoH has responded and will assist with remediation plans.

For more information, contact Karl Rockeman, North Dakota Department of Health, at 701.328.5225.
